Kermelos: time will tell.
Kermelos: as a refugee, i have that desire to utilize the luxuries i have- i.e technology, knowledge etc
me: we tend to prefer to work without any resources other than those
me: for various reasons
me: for instance, we haven't raised any money though wwe could have quite easily
me: partly because it's best not to be dependent on it in an age at which information can be placed anywhere on the globe from anywhere else and in which one may influence anyone just as he does his neighbors
me: there's too much area of potential for us to attach ourselves to orthodox methods of raising and spending large amounts of money
Kermelos: exactly. therein the beauty of it all
